

Welcome to the 11th Annual SHS Global Citizenship Day

October 23, 2024

The goal of the day is to educate our students about issues that they, as citizens and future leaders of the world, need to know to inspire change. Our hope is that they are moved to act and that they can have a more global perspective on the rights and responsibilities inherent in being a global citizen.

We are looking forward to a great day! Thank you for participating in Global Citizenship Day. Special thanks to all those who will be presenting today. We are happy to welcome several speakers (in person/via Zoom) to SHS - presenting on a wide array of topics. A special welcome to our keynote speaker, Founder and Editor in Chief of Mo News, Mosheh Oinounou. Mr. Oinounou will speak to us about media literacy and how to have a healthy media diet. Our goal for the day is to make you, our future leaders, and global citizens aware and empowered to advocate and answer the call to action of making our communities stronger and more united.

GCD International lunches. Special thanks to Wenhui Guo and the International Club. Thanks to all of you for supporting the day, teaching a workshop, bringing your classes, and sharing both room, space and time to prep and debrief the workshops. We work with this school to provide academic support, specifically in literacy, to elementary-aged children.
