- An additional safety monitor will be available to assist with traffic and general building supervision from the hours of 7:30 am to 4:00 pm.
- If programs run later than 8:30 pm, additional coverage will be provided.
- The “Raptor” system will be utilized until 3:30 pm. After that, safety monitors will welcome all visitors and ask for the purpose of their visit. For sporting events or major events in the auditorium (plays and evening programs), the safety monitors will provide general supervision and monitoring at the doors.
