Inquiry Project Reflection

Directions: Please complete the following questions as honestly and completely as possible. Attach your answers to this sheet before handing it in.

1. Explain the research process you used and what you learned about research. Be specific.
2. Explain which sources were most helpful. Why?
3. Explain which source was least helpful. Why?
4. What are some things you learned about yourself (as a learner, a reader, a researcher, a student) while doing this project?
5. Think about your final written report. What were some of the strengths in your writing? Explain.
6. If you could do your final product all over again, what would you have done differently? Why?
7. If you could conduct the research for this project all over again, what would you have done differently? Why?
8. What was the hardest part of this project? Explain.
9. What was the easiest part of this project? Explain.
