

Circle of Friends: Come and Join Our Circle

Words and Music by Dace Aperans

Come and join our circle,
Our circle of friends.
It's a special circle.
It's one that never ends.
Come and join our circle,
Our circle of friends.
It's a special circle that never ends.

Lots and lots of memories wait for you inside,
And the good feeling to know that you've tried,
To share with friends old and new,
Happy times and sad ones too.

Come and join our circle,
Our circle of friends.
It's a special circle.
It's one that never ends.
Come and join our circle,
Our circle of friends.
It's a special circle that never ends.
